December 9, 2021

Dear Board Members,

On behalf of Plumas Crisis Intervention & Resource Center (PCIRC), and the many individuals, families, and children of Plumas County, we send our heartfelt thanks to each one of you and collectively to The Robert Nelson Foundation for your generous donation.

In July of 2021, Plumas County was devastated by Northern California's Dixie Fire which burned nearly 1 million acres and destroyed over 1,300 structures in our rural communities. This fire represented the second largest blaze in California history and the first ever to burn from one side of the Sierra Nevada to the other. Three historical communities were devastated in this battle, and many lost all their belongings and their place in this world.

Our agency assisted over 1,200 individuals working as emergency responders and we continue today to support the many needs for those rebuilding their lives. PCIRC has provided access to emergency, transitional and permanent housing; addressed food insecurity; provided clothing, hygiene, baby diapers, camping and household supplies; and offered grief support to hold the hand and hearts of those in need during these difficult times.

By reaching out to our small part of the world when we needed it most gave our staff the hope and strength to meet each day. We thank you for joining us in this partnership with your foundation during this journey.

Sincerely,

Cathy Rahmeyer

Cathy Rahmeyer
Director of Operations

Testimonial:

In almost every part of the world, the Dragonfly symbolizes change, transformation, adaptability, and self-realization. The Dragonfly has been a symbol of happiness, new beginnings and change for many centuries. The Dragonfly means hope, change and love.
